CLASS DESCRIPTIONS

Ready, Steady, GO! A 12 week falls prevention program intended to progress and/or maintain overall health and functional abilities through exercise and education. Initial assessment and ongoing oversight provided by a regulated health professional. Pre-registration is recommended; however, drop-in participants are always welcome.

FUNCTIONAL Fitness: Drop-in exercise classes designed for individuals who are 55+ and who would like to maintain their overall health and functional abilities. Classes include aerobic, strength, balance, and flexibility exercises. Initial assessment and ongoing oversight provided by a regulated health professional.

Strength & Balance: Drop-in exercise classes designed for individuals who are 55+ and who would like to maintain their overall health, independence, and functional abilities. Classes focus on strength and balance exercises. Initial assessment and ongoing oversight provided by a regulated health professional.

Active Walking: Drop-in walking based exercise classes which include strength, balance, and flexibility exercises. This program includes initial assessment and ongoing oversight by a regulated health professional.

Outdoor Urban Poling May 1- Oct 31

HealthSteps: A 12 week healthy lifestyle program intended to progress and/or maintain overall health & functional abilities through exercise, group & individual coaching as well as a weekly walking program. Initial assessment and ongoing oversight provided by a regulated health professional. Pre-registration is required.

ALL CLASSES ARE TAUGHT BY CERTIFIED SENIOR FITNESS INSTRUCTORS OR REGULATED HEALTH PROFESSIONALS.

*All programs funded by your
Local Health Integration Network*
